| | **Priom Pal** | **24N0079** |
| | **Applied Statistics and Informatics** | **M.Sc.** |
| | **Indian Institute of Technology Bombay** | **Gender: Male** |
| | | **DOB: 14/12/2000** |

| Examination | University | Institute | Year | CPI / % |
|---|---|---|---|---|
| Post Graduation | IIT Bombay | IIT Bombay | 2026 | 8.16 |
| Graduation | University Of Calcutta | Ramakrishna Mission Residential College(A), Narendrapur | 2023 | 9.91 |

Graduation Specialization: Statistics

## SCHOLASTIC ACHIEVEMENTS

- Secured **All India Rank 61** among **3536 students** in the IIT JAM Mathematical Statistics Examination [2024]
- Recipient of the distinguished **Shanta Bala Devi Memorial Prize** in recognition of securing the **4th Position** among peers in the Department of Statistics at Ramakrishna Mission Residential College, Narendrapur [2023]
- Achieved **93.72%** in all **Honours** papers across the six semesters of the B.Sc program [2020 - 2023]

## KEY PROJECTS

**Breast Cancer Prediction Using Logistic Regression** | *UG Dissertation Project* *(Mar'23 - June'23)*

*Guide:- Sri Palas Pal, Assistant Professor, Department of Statistics, RKMRC*

- Predicting whether breast cancer patients are **malignant** or **benign** by analyzing **569** rows and **33** columns of clinical data, and performing comprehensive **Exploratory Data Analysis (EDA)** using the **Seaborn** library
- Used **feature selection** techniques like **Kendall's Tau, mRMR** and applied **feature scaling** on selected features
- Achieved an **AIC** of **20.66**, **deviance** of **16.3**, **accuracy** of **0.88**, and an **F1 score** of **0.84** at a **threshold** of **0.65** by implementing **Logistic Regression** for model fitting on the selected features, with **mRMR** performing best

**Market Value Prediction of EAFC24 Players** | *Self Project* *(Jan'24 - Feb'24)*

- Collected **1716** rows and **13** columns of detailed player statistics data by web scraping the **SoFifa** website using **BeautifulSoup**, aimed at predicting the **market value** of players based on their performance metrics
- Conducted **Exploratory Data Analysis** and **Feature Engineering** using **Seaborn** for insights from the data
- Implemented models like **Linear Regression, Ridge, Lasso, KNN, Decision Tree, Bagging, XGBoost, and Random Forest**, where **XGBoost** gives the best result yielding an **adjusted** $R^2$ of **0.88** and an **MSE** of **3.25**

**Mobile Price Range Prediction Using Classification Techniques** | *Self Project* *(July'23 - Aug'23)*

- Sought to predict mobile price ranges using a dataset of mobile features with over **2K+** rows and **21** columns
- Conducted **EDA** to visualize the data, successfully implemented **Decision Tree** and **Random Forest** for **multiclass classification** tasks, and utilized performance metrics including confusion matrices
- Achieved optimal results with **Random Forest**, obtaining an **F1 score** of **0.83** and an **Accuracy** of **0.84**

**Facial Emotion Recognition** | *Self Project* *(Sept'24 - Oct'24)*

- Developed a deep learning model to analyze the **Facial Emotion** of a human face using the google dataset
- Built and trained a **CNN** using **TensorFlow** and **Keras** to efficiently classify images, implementing **data preprocessing**, model optimization, and evaluation metrics such as **precision, recall, and accuracy**.
- Evaluated model performance via **loss and accuracy** plots, inferenced unseen data with **0.81** accuracy.

## POSITIONS OF RESPONSIBILITY

**Institute Internship Coordinator** | *Placement Office, IIT Bombay* *(Sept'24 - Present)*

- Part of a **36-member** team entrusted with securing and streamlining internships for over **2500+** students
- Built and fostered relationships with leaders across **200+** firms in Analytics, Data Science, and Finance
- Analyzed historical data to increase targeted outreach, implementing a **15%** year-over-year increase in offers
- Organized institute-wide pre-internship talks, resume-making sessions, and interviews for **2500+** students

**Design Head** | *Inferencia'23, RKMRC* *(April 2023)*

- Led the design team with 5 members in creating promotional materials and visual content for the departmental fest

## KEY COURSES

| | | |
|---|---|---|
| Probability Theory | Linear Algebra | Real Analysis |
| Descriptive Statistics | Statistical Inference | Testing of Hypothesis |
| Sampling Distributions | Data Analysis using R | Linear Models |

## TECHNICAL SKILLS AND INTERESTS

**Programming Languages:** Python, C, R
**Software:** VSCode, Google Collab, Github, Docker
**Python Libraries:** Numpy, Matplotlib, Seaborn, Pandas, ScikitLearn, Pytorch, BeautifulSoup, Streamlit, Flask
**Interests:** Machine Learning, Neural Networks
**Languages:** Bengali, Hindi, English
**Online Courses:** Introduction to Programming in C (NPTEL) | Machine Learning Specialization (Coursera)

## EXTRA - CURRICULAR ACTIVITIES

- Represented my school in the **District level** Sit & Draw competition on Nirmal Vidyalaya Abhijan [2013]
- **Hobbies:** Football | Cricket | Sketching
